Our Philosophy

Our mission is to improve the quality of life of our residents and their families. At the center of our program is family interaction. From the ground up, we have designed our program to encourage a family-style atmosphere. New West Haven offers both private and companion suites designed around a 24-hour family-style living environment.

A PART-TIME ADDRESS OR A FULL-TIME ADDRESS

New West Haven is an assisted living facility. In addition to our full time program, the Activities Center is open to senior members of the community who would like to visit just during the day while families are working, and then return to their families for the evening. By offering both a part-time and full-time program in the same location, we can ensure a variety of social activities and interactions to keep the social atmosphere fresh, new and exciting.

Need to go out of town but need caregiving services while you are away? We offer Respite Services. Families may utilize Respite Services on an as needed basis. Suites are available for rent by the day.
